

Did you hear?

Geology is now the **Department of Earth Sciences** and courses previously listed under the *GLY* prefix will now be **ERT** moving forward.

GLY → ERT

For example:

| | | |
|---------|--------|----------------|
| GLY 101 | -----> | ERT 101 |
| GLY 205 | -----> | ERT 205 |
| GLY 312 | -----> | ERT 312 |
| GLY 433 | -----> | ERT 433 |
| GLY 507 | -----> | ERT 507 |

What does this mean for you?

- The course catalog and HUB are updated to **ERT** prefixes.
- Same course offerings with the new **ERT** prefix.
- Talk to your academic advisor about course registration questions.
