Achieving Academic Excellence

1

Tutoring

TASS boasts an impressive 200+ tutors at the immediate reach of every UB student. Whether students need help in Physics, Chemistry, or the Maths, our determined tutors are eager to assist. Appointments can be made using the Navigate app.

2

Academic Coaching

In need of guidance? Academic Coaches are students in good academic standing meant to mentor and guide struggling students. They lend experience, time management skills, and a plethora of other resources to students in need.

3

Peer Assisted Learning

The Peer Assisted Learning (PAL) program utilizes UB's greatest asset, its students. Exceptional students in broader lecture based classes are selected at the professors recommendation to lead weekly study sessions within TASS facilities.

4

LAI 203

LAI 203 is a class offered in both fall and spring sessions designed to help struggling students after their first or second semester. The class teaches study skills, time management techniques, exam taking strategies, and so much more.

5

First-Gen Mentoring

The First Generation Peer Mentoring program is for first generation college students who may need guidance in adjusting to a new environment. The program pairs new students with first generation mentors who share their experience, advice, and other things they have learned throughout thier own experience as a first generation college student.
